1. GENERAL

The Mayrhofen Ultraks are an individual trail running competition which takes place in Mayrhofen, Zillertal, Austria.

The Mayrhofen Ultraks offers competitors the opportunity of a personal challenge and an occasion to measure their level of performance against other competitors in a unique high-mountain setting. It also allows competitors to take advantage of a venue loaded with emotions and history through one of the three courses proposed.

The Mayrhofen Ultraks are actively supported by Tourismusverband Mayrhofen-Hippach.

The Mayrhofen Ultraks Zillertal will take place in 2025 between 04-05 September.

2. COURSES

The detailed course profiles of the various routes are available on the website www.mayrhofen.ultraks.com and will be updated as changes occur.

Same applies for start times and time-limits that can be changed at short notice. Please consult the website regularly for updates.

Mandatory equipment is listed under Art. 6.1. It will be checked before the start, if a compulsory item is missing the competitor will not be allowed to start.

The distances have been measured as accurately as possible. Nevertheless, it is possible that running watches show slight differences in distance or altitude metres. As running watches normally have a tolerance limit of up to 5%, this can amount to up to 2.5 km in the case of the 50k.

The Z101+ will take place for the fourth time: the 107 km route will be run as a semi-autonomous race. After the organiser has checked the result, the registration will be confirmed and become effective. In addition, a salvage insurance through the Austrian Mountain Rescue Service must be taken out with the registration.

Supporters providing food and drinks are permitted to assist athletes along the entire route.

Pacers are only permitted from Saturday (Zamsgatterl) onwards! All pacers must be registered in advance by sending an email to the organizer at mayrhofen@ultraks.com.

The compulsory equipment (6.1) will be checked before the start, a start is not possible if the equipment is missing.
